Eco-Sensitive for Green Cleaning

- Biodegradable
- Sustainable

Safe for You, Your Family and Home

- No ammonia
- No chlorine
- No phosphates
- No artificial dyes
- Non-toxic

Animal Friendly

- Not tested on animals
- Safe to use around pets

GLASS

As long as it's not raining, cloudy days are better for cleaning windows because the sun won't dry the glass cleaner prematurely before it can do the job. Use newspaper for cleaning glass. The ink in the paper helps lift dirt and grime. If you must use paper towels, stay away from brands that include softeners. A squeegee is another handy tool for cleaning glass. It's reusable and effective. The first time you use Homeology Glass, you may see some slight streaking. This is because Glass is stripping off the residue that other glass cleaners may have left on your window.

FLOOR

Cleaning floors was never easier. With Homeology Floor, simply point and shoot straight from the bottle. No diluting or mixing required. The pH balanced Floor cleaner is safe on ceramic tile, laminate, linoleum, hardwood and natural stones like marble and travertine. For best results and shine, use this natural cleaner with a flathead microfiber mop. When dealing with difficult residue or dried clumps, spray the area a few extra times and let it soak for two minutes, then mop. Beautiful compliment to SHARK steam cleaners... Simply spray as you mop!

ALL PURPOSE

Light and gentle, All Purpose is ideal for everyday cleaning. It's safe for counters (including granite), blinds and even the refrigerator, since Homeology is chemical free. Clear the area and spray All Purpose directly on the intended surface. Let it soak, allowing the natural cleaning product to take effect. Wipe down with a cotton* or microfiber towel. Use frequently on breeding grounds such as handles, counters and refrigerator doors.

CLEANSE

Use this plant-based cleaning scrub on just about every surface. Great for stubborn spots on the floor, scum from tile and bathtubs. Plus, it invigorates your home while it works. Cleanse works great as a deodorizer. Sprinkle in garbage cans, diaper pails, sink drains and even sneakers. Sprinkle a small amount on the floor of your car and enjoy the aromatherapy while on the go.

\$13.75 / 35 Fluid Ounce Bottle \$10.50 per refill \$10.50 Cleanse
